Hi Jim,

I'm available on 6/2 from 10:00-2:00p as well. Currently nothing on the schedule.

Thanks!

Kevin

Jim,

I am available to meet to discuss Class VI permitting at the following times:

6/2: 10:00 AM – 2:00 PM

6/6: 11:00 AM – 12:00 PM

6/7: 11:00 AM – 12:00 PM, 1:00 PM – 2:00 PM

6/9: 10:00 AM – 2:00 PM

Let me know if any of those times work for you.

V/R, Ryan

Subject: FW: Waste Management Arlington OR - Class VI Carbon Sequestration UIC

Ryan and Bob;

As indicated below WM will be requesting the permitting of a Class VI injection well for carbon

sequestration at our facility in Arlington OR. To support the permitting, WM needs to drill a test well to identify the technical attributes that will go into the modeling and permit plans. As part of the testing, WM plans to inject Water or Brine to make several determinations on the geologic structures.

Could you please give Noah and I some dates and times you are available in the next week or two and I will set up a Teams call to discuss.

Look forward to working with you all on this exciting project

Hi Jim and Noah-

It was nice chatting with you today about your Class VI CO2 capture project. I've cc'd Ryan Gross (EPA Region 10). Ryan's contact info is below:

Ryan- As EPA still has primacy over Class VI UICs in Oregon, I'm passing along your info. These projects are coming up more frequently these days – Happy to sit on a future call with you all.

Best regards,

Kevin

Mr. Weberling;

Waste Management of Oregon would like to discuss the permitting and Installation of a Class VI UIC at our Columbia Ridge Landfill and Recycling Center in Arlington OR with the department. Can you please give me some days and times you and your team would be available to discuss.
